

## - Export Price List - Before Local Taxes - August 2022 -

### **AIG-10 BAL • Интегральный усилитель/Усилитель для наушников** **5.800,00€**

Аурально-оптимизированная гибридная схема – Чистый класс «А», без обратной связи, гибридный (Триод, БТ, МОП) – 3 линейных входа (2 небаланс, 1 баланс) – Балансный и ¼” небалансный выход для наушников – Коммутируемый выход: колонки/высокочувствительные наушники/ низкочувствительные наушники – Регулировка громкости пультом ДУ – Колоночный выход: 2x36Вт-2Ом, 2x20Вт-4Ом, 2x10Вт-8Ом, класс «А» – Ширина динамического диапазона > 3 дБ  
260×435×145 мм., 14.4 кг

### **AFC-10 • Усилитель мощности/Усилитель для наушников** **5.100,00€**

Аурально-оптимизированная гибридная схема – Чистый класс «А», без обратной связи, гибридный (Триод, БТ, МОП) – Балансный и ¼” небалансный выход для наушников – Коммутируемый выход: колонки/высокочувствительные наушники/низкочувствительные наушники – Колоночный выход: 2x36 Вт-2 Ом, 2x20 Вт-4 Ом, 2x10 Вт-8 Ом, класс «А»  
260×435×145 мм., 14.4 кг

### **LEVANTE • Integrated Amplifier** **7.000,00€**

AO-HD (Aural Optimized Hybrid Design) Circuit - Class "A" / AB, Zero Feedback, Hybrid (triode, BJT, Mosfet)  
1 Balanced and 4 unbalanced input - slot for optional Phono board - Volume Remote Control - Switchable Power control Class "A"  
2x30W-8 Ohm, 2x60W-4 Ohm, Class A/B 2x120W-8 Ohms, 2x200 4 Ohms.  
Dimensions: 440x490x195h mm. Weight: 30 Kg.

### **LEVANTE • Integrated Amplifier + PH1** **7.750,00€**

As LEVANTE - Integrated Amplifier with factory fitted PH1 MM Phono Board.

### **APL-01 SE • Special Edition Tube Line Preamplifier** **15.700,00€**

AO-D (Aural Optimized Design) Circuit - Class "A", Zero Feedback - All tube circuit - Transformer coupled Outputs (all)  
2 Transformer Coupled Balanced and 6 unbalanced Inputs - Two pair of Balanced and Two pair of unbalanced Outputs for multi amplification purpose - Separate L-R Balance Controls - Tape loop - Mono/stereo/rev Switch - Remote Control.  
Dimensions: 440x490x195h mm. Weight: 27 Kg.

### **APL-10 • Tube Line Preamplifier** **5.500,00€**

AO-D (Aural Optimized Design) Circuit - Class "A", Zero Feedback - All tube circuit - Dual output for multi amplification purpose - One Balanced and 3 Unbalanced Inputs - PI-filter, stabilized power supply - stepped rele Balance Control - Volume Remote Control.  
Dimensions: 260x435x145h mm. Weight: 12 Kg.

### **AFM-100 SE • Special Edition Monophonic Power Amplifier** **PR. 26.200,00€**

AO-HD (Aural Optimized Hybrid Design) Circuit - Pure Class "A", Zero Feedback, Hybrid (triode, BJT, Mosfet) - One Thru Balanced and One unbalanced inputs (transformer coupled); Inductive PI-filter power supply.  
Power: 360W / 2 Ohms, 200W / 4 Ohms, 100W / 8 Ohms Pure Class "A"  
Dimensions: 260x620x275h mm. Weight: 36 Kg.

### **AFM-50 • Monophonic Power Amplifier** **PR. 15.750,00€**

AO-HD (Aural Optimized Hybrid Design) Circuit - Pure Class "A", Zero Feedback, Hybrid (triode, BJT, Mosfet), Transformer coupled Balanced and Unbalanced inputs.  
Power: 180W / 2 Ohms, 100W / 4 Ohms, 50W / 8 Ohms Pure Class "A"  
Dimensions: 260x435x275h mm. Weight: 22.5 Kg.

### **AFM-25 • Monophonic Power Amplifier** **PR. 11.050,00€**

AO-HD (Aural Optimized Hybrid Design) Circuit - Pure Class "A", Zero Feedback, Hybrid (triode, BJT, Mosfet)  
One Balanced (transformer coupled) and One unbalanced inputs.  
Power: 100W/2 Ohms, 50W/4 Ohms, 25W/8 Ohms Pure Class "A" - Dimensions: 260x435x145h mm. Weight: 14.4 Kg.

## - Accessories -

### **RPC-01 • Power Cord** **620,00€**

especially design to enhance audio performance of all Riviera electronics - 1.5 meter.  
Schuko and VDE solid copper termination - US Plug optional - Suitable for any high-end electronic.

### **PH1 • Optional MM Phono Board Kit** **750,00€**

MM Phono Board Kit for Levante only - *Needs to be installed by a authorized technician.*

### **LEVANTE FLIGHT CASE** **600,00€**

Custom made flight case for LEVANTE.

**All Products are available in Metallic Sand or Matt Metallic Titanium finish - Prices are based on yearly order under 60.000 euros**

**RIVIERA AUDIO LABORATORIES**
